Please read the excerpts below exposing the [Muslim 'No-Go' Zones in Europe](#). It follows the brief report on the **Islamic Village Project** in **Dallas, Texas** and a glimpse of further plans for Islamic expansion. But first, take a look at the **Gulen Charter Schools**. With help from Fethullah Gulen and our current president, the Islamic Village Project **might** grow into American versions of the European Sharia-compliant "No-Go" zones.

## **GULEN SCHOOLS IN TEXAS**

<http://www.voicesempower.com/gulen-led-coup-turkey-falls-to-islamists/>

By Donna Garner and Alice Linahan

**Fethullah Gulen** lives in Pennsylvania, runs his **\$25 billion international network from there**, and is tied to **hundreds of Gulen charter schools here in the United States**. (Texas alone has 36 of these Gulen charter schools.)

**Gulen plans to take America over** in almost exactly the same way that he has taken Turkey over — **through the indoctrination of our school children**; and ironically, we taxpayers are paying for his Gulen charter schools....

Turkey's ruling party is the AKP led by Prime Minister Erdogan. He is a Muslim, believes in Sharia law, and is a follower of Fethullah Gulen....

**Gulen controls a worldwide, \$25 billion network of media, financial institutions, associations, and foundations....**

In 1998, Gulen escaped to America to avoid being questioned about his involvement to overthrow Turkey's pro-American/pro-Israel government. Bill Clinton was President at the time. Bill and Hillary **Clinton and the CIA welcomed Gulen and promoted him** as being an outstanding scholar who represented a peaceful, 'secular' form of Islam.

Now the United States has a Muslim-friendly President in the White House who has appointed Dalia Mogahed as his Muslim advisor. Mogahed is a Gulenist.

## **GULEN'S LIFE IN AMERICA**

Gulen runs his international network from Pennsylvania, and he and his next-in-command (Nurettin Veren) say they control 75% of the schools and universities in Turkey plus hundreds of schools in 110 countries worldwide.

Gulenists have targeted children to indoctrinate them to become the ruling class of the Islamist, Turkish state. Under Erdogan, textbooks have been changed, Islam has been emphasized, and thousands of imams have been placed into positions as teachers and administrators in the schools....

## **GULEN — THREAT TO AMERICA**

Homeland Security and the U. S. Citizenship and Immigration Service tried to deny Gulen permanent residence in the United States. In 2008 Gulen brought a lawsuit against Michael Chertoff of Homeland Security. The Department contended that Gulen did not meet the definition of a person with "extraordinary ability in the field of education" but that he was actually a "leader of a large and influential religious and political movement with immense commercial holdings."...

Gulen evidently managed to "pay off" enough institutions and high-profile people to mount pressure to get his status reversed, and the 29 letters of reference that he filed with his motion came from theologians or Turkish political figures closely associated with his Gulenist movement. The judge ruled in Gulen's favor, and now he can stay in the United States permanently.

## SPREAD OF GULEN SCHOOLS IN TEXAS

One of the most disheartening reports has been the connections of former executive director of the Republican Party and trusted advisor to President George W. Bush, **Karen Hughes and her close ties to the Gulen/Cosmos Foundation's Harmony Schools** here in Texas. ...Ms. Hughes is very interested in promoting Harmony Science Charter Schools and accessing Texas tax dollars to create competition for public schools by funding the Gulen/Harmony charter schools.

...the Gulen/Cosmos Foundation/Harmony Charter Schools have now branched out.... This new Gulen school will be called the Harmony School of Political Science. This means that **at taxpayers' expense**, Turkish teachers (many of whom are here on H-1 visas and are Muslims) **will be teaching our students "American" history**. Can you imagine how these teachers who can hardly speak English and are fresh from Turkey will present such historically significant elements as the Holocaust, the Founding Fathers, the Declaration of Independence, and the Constitution?

More than thirty years ago, the **Islamic Association of North Texas (IANT)** was established to serve the local Muslim community. Since then, our community has grown considerably....As we inaugurate our next quarter-century in North Texas, we introduce a novel community idea: **the Islamic Village Project, a Muslim neighborhood.**"

#### Project Overview

The Islamic Village Project is a multi-million dollar project that will **foster great change in the Muslim community** of Dallas. It will house a senior center, Youth center, Social Services department, residential quarters, play area for the children, retail center, clinic, and a separate building for IQA and **Suffa Islamic Seminary classes**....

#### Educational Complex

One of the cornerstones of the Islamic Village will be its **Educational Complex housing our IANT Quranic Academy and Suffa Islamic Seminary** under the leadership of [Iman Ziya Kavakci](#)....

#### Revenue

The Village aims to be a self-sufficient neighborhood....

### [European Muslim 'No-Go' Zones for Non-Muslims Proliferating](#)

*"Occupation Without Tanks or Soldiers"*

Islamic extremists are stepping up the creation of "no-go" areas in European cities that are **off-limits to non-Muslims**.

Many of the "no-go" zones function as microstates governed by Islamic Sharia law. **Host-country authorities effectively have lost control in these areas** and in many instances are unable to provide even basic public aid such as police, fire fighting and ambulance services.

The "no-go" areas are the by-product of decades of multicultural policies that have encouraged Muslim immigrants to create parallel societies and remain segregated rather than become integrated into their European host nations.

In Britain, for example, a Muslim group called [Muslims Against the Crusades](#) has launched a [campaign to turn twelve British cities – including what it calls "Londonistan" – into independent Islamic states](#). The so-called Islamic Emirates would function as autonomous enclaves ruled by Islamic Sharia law and operate entirely outside British jurisprudence.

The [Islamic Emirates Project](#) names the British cities of Birmingham, Bradford, Derby, Dewsbury, Leeds, Leicester, Liverpool, Luton, Manchester, Sheffield, as well as Waltham Forest in northeast London and Tower Hamlets in East London as territories to be targeted for blanket Sharia rule.

In the Tower Hamlets area of East London (also known as the Islamic Republic of Tower Hamlets), for example, extremist Muslim preachers, called the [Tower Hamlets Taliban](#), regularly issue [death threats to women who refuse to wear Islamic veils](#). Neighborhood streets have been plastered with posters declaring "You are entering a **Sharia controlled zone**: Islamic rules enforced." And [street advertising deemed offensive to Muslims is regularly vandalized](#) or blacked out with spray paint.

In the Bury Park area of Luton, Muslims have been accused of "ethnic cleansing" by harassing non-Muslims to the point that many of them move out of Muslim neighborhoods. In the West Midlands, **two Christian preachers have been accused of "hate crimes" for [handing out gospel leaflets in a predominantly Muslim area](#) of Birmingham**. In Leytonstone in east London, the Muslim extremist Abu Izzadeen heckled the former Home Secretary John Reid by saying: "[How dare you come to a Muslim area.](#)"

In **France**, large swaths of Muslim neighborhoods are now considered "no-go" zones by French police. At last count, there are [751 Sensitive Urban Zones](#) (Zones Urbaines Sensibles, ZUS), as they are euphemistically called....An estimated **5 million Muslims live in the ZUS, parts of France over which the French state has lost control.**

Muslim immigrants are taking control of other parts of France too. In Paris and other French cities with high Muslim populations, such as Lyons, Marseilles and Toulouse, thousands of Muslims are closing off streets and sidewalks (and by extension, are closing down local businesses and trapping non-Muslim residents in their homes and offices) to accommodate overflowing crowds for Friday prayers. Some mosques have also [begun broadcasting sermons and chants of "Allahu Akbar" via loudspeakers](#) into the streets....

In the Belgian capital of Brussels (which is 20% Muslim), several immigrant neighborhoods have become "no-go" zones for police officers, who frequently are pelted with rocks by Muslim youth. In the Kuregem district of Brussels, which often resembles an urban war zone, police are forced to patrol the area with two police cars: one car to carry out the patrols and another car to prevent the first car from being attacked....

In Germany, Chief Police Commissioner Bernhard Witthaut, in an August 1 interview with the newspaper Der Westen, revealed that [Muslim immigrants are imposing "no-go" zones in cities across Germany](#) at an alarming rate....

In the Netherlands, a Dutch court ordered the government to release to the public a politically incorrect [list of 40 "no-go" zones in Holland](#). The top five Muslim problem neighborhoods are in Amsterdam, Rotterdam and Utrecht....

In Sweden, which has some of the most liberal immigration laws in Europe, large swaths of the southern city of Malmö – which is more than 25% Muslim – are "no-go" zones for non-Muslims.... The male unemployment rate in Rosengård is estimated to be above 80%. When fire fighters attempted to put out a [fire at Malmö's main mosque](#), they were attacked by stone throwers.

In the Swedish city of Gothenburg, [Muslim youth have been hurling petrol bombs at police cars](#). In the city's Angered district, where more than 15 police cars have been destroyed, teenagers have also been pointing green lasers at the eyes of police officers, some of whom have been temporarily blinded....

According to the Malmö-based Imam Adly Abu Hajar: "[Sweden is the best Islamic state.](#)"
